OUR PROMISE

DISCOVER THE DEXTER DIFFERENCE

Investing in laundry equipment is an investment in your future. Whether you're expanding your business or just getting started in the industry, we're here to help you achieve your dreams. As an employee-owned company our success depends on yours. We're passionate about the laundry industry and dedicated to helping customers like you build successful businesses!

Since 1894, Dexter Laundry has been dedicated to helping people and companies around the world process laundry faster and more efficiently. Our complete line of washers, dryers and management systems are designed, built, and assembled from start to finish in the USA at our Fairfield, Iowa headquarters. Our machines are engineered to withstand the harshest environments and are backed by industry-leading warranties and lifetime technical support.

Dexter Laundry products are sold and supported by authorized distributors in over 70 countries, with new distributors added each year. We stand behind every machine we build, reinvesting millions annually to improve the laundry experience globally. Through our partnership with Dexter Financial Services, we offer flexible financing solutions to help you achieve your business goals.

At Dexter, we're committed to building more than just washers and dryers—we're focused on **BUILDING BETTER LIVES TOGETHER.** Our Dexter family spans the globe, from new investors to generations-old family businesses, all working to improve their lives and communities. Laundry is a universal need, making it a smart long-term investment. We hope you'll join us!

DEXTER LAUNDRY VENDED PRODUCT DETAILS

WASHERS PRODUCT DETAILS

DURABLE & RELIABLE

- Heavy duty bearings in a cast iron bearing housing
- Welded steel spider & shaft
- Designed to withstand 1,000 hour out-of-balance test
- Stainless steel tub, cylinder, top & front
- Industry-leading warranties
- Lifetime technical support

EFFICIENT

- Adjustable water level options
- X-Series leak detection reduces water usage and saves on expenses
- Inverter drives lower electrical usage, improve performance, and extend the life of the motor
- Available in 100G 200G

STACE DAYER STACE DAYER STACE STAC

DRYER PRODUCT DETAILS

DURABLE & RELIABLE

- Heavy duty bearings in a cast iron bearing housing
- Welded steel spider
- Tumbler baffles provide great tumbling action
- X-Series Level 1 FRS detects and controls overheating issues
- Industry-leading warranties
- Lifetime technical support

EFFICIENT

- X-Series MDS saves time and gas
- Perforated tumblers
- Balanced radial airflow
- Anti-wrinkle feature

INSTALLATION

- Adjustable final extract speeds and other customizable options allow washers to fit almost anywhere.
- Most fit through a 36" doorway.

PROFITABLE

- Simple, multi-lingual user interface
- Upsell PLUS cycles & promotion options available
- Create custom programs via DexterLive
- Easy connect to DexterPay

OPTIONS

- C-Series or X-Series
- Blue or black graphics
- Coin acceptors or payment system ready
- 20lb, 30lb, 40lb, 50lb, 60lb, 80lb, 90lb, and 120lb models available

INSTALLATION

- Vertical exhaust & venting come standard on all dryers
- Easily accessible exhaust clean outs
- Lower service door access makes lint screen cleaning easy & quick

PROFITABLE

- Simple, multi-lingual user interface
- Upsell PLUS cycles & promotion options available
- Create custom programs via DexterLive
- Easy connect to DexterPay

OPTIONS

- C-Series or X-Series
- Blue or black graphics
- Gas or electric models
- Reversing model options
- 20lb, 30lb, 50lb, 80lb, and 120lb models available

DEXTER LAUNDRY WASHERS WHICH CONTROL IS RIGHT FOR YOU?

Dexter X-Series and C-Series washer controls differ mainly in the interface, customization options, and technology. Both controls were designed for ease of use, multilingual support, and simple integration with DexterLive and DexterPay.

X-Series washers feature a touchscreen interface that makes it easy for customers to personalize their

wash while boosting owner revenue through upsell options. X-Series reduces water usage and saves on expenses with adjustable water level options and a leak detection system.

C-Series washers use a traditional button-based interface with standard programming options, focusing on simplicity and straightforward operation. PLUS cycles and temperature-based pricing are also available.

Both series' are designed with the same Dexter quality you have come to trust while allowing you to cater to the different needs of your customer base.

DEXTER LAUNDRY DRYERS WHICH CONTROL IS RIGHT FOR YOU?

The differences between Dexter X-Series and C-Series dryers primarily lie in their controls, customization capabilities, and their efficiency and utility saving features.

X-Series dryers feature intuitive user screens and include additional models with upsell reversing options. Designed for efficiency, the Moisture Detection System saves time and gas while the built-in level 1 Fire Response System enhances safety by detecting and controlling overheating issues.

C-Series dryers include a simple, multi-lingual user interface with a variety of PLUS cycle features and promotion options. C-Series controls work with DexterLive to allow you to create custom programs and work with the DexterPay mobile payment app for cashless transactions.

Both series' are backed by industry-leading warranties & lifetime technical support so you can be confident in your investment.

DEXTERLIVE MANAGEMENT SYSTEM

DexterLive has transformed the laundry ownership experience by empowering owners around the world to create world-class laundry operations. This cloud-based platform simplifies store data, enabling smarter decisions that build better businesses. With real-time reporting, owners can quickly adjust pricing, cycles, and promotions to adapt to changing conditions, all while still fostering stronger customer relations through the integration of DexterPay.

One of the greatest advantages of DexterLive is that it requires no annual fees or hidden charges. Once your machines are networked, you have full access. DexterLive also provides regular updates, making even older equipment more valuable over time. With features like remote access, machine management, and automatic upgrades, DexterLive ensures that your laundry operation stays on the cutting edge, long after your initial purchase. This is transformational technology at its best!

DEXTERPAY MOBILE PAYMENT APP

DexterPay revolutionizes the customer laundry experience by seamlessly integrating with

the DexterLive network, offering a simple and convenient mobile payment solution. With DexterPay, customers can easily add PLUS cycles or select specialty cycles exclusive to the app, while owners benefit from maximized revenue and streamlined operations.

More than just a payment method, DexterPay is a powerful customer management tool that offers valuable insights and supports rewards, promotions, and store credit to boost customer loyalty. Fully integrated with DexterLive, DexterPay requires no annual fees and eliminates the need for third-party payment systems.

Transform your laundry today with DexterPay, an option that satisfies both you and your customers. It's laundry made easy!
